North Chicago IL 60044**

We are all about constantly learning and growing here at Asylum Skate park, so when the opportunity to learn from ISCP “International Skateboard Certification Program” came up we jumped right on it! “no pun intended” Jay Mandarino & Matt Williams have an awesome program going and they both totally went out of their way to help us here in the USA.

Matt came all the way from Toronto Canada to Chicago for us and was very professional and taught us a lot considering we have been around doing camps and lessons locally for over 8 years.

I myself have been into skateboarding now for 30 years and I even learned a lot and found the information in the course very valuable. If you are considering getting certified by ISCP, I highly recommend it!!

THANK YOU
